## Coaching in the Camino de Santiago

### Take time to Reflect and re-organize

Give yourself a valuable break from your daily routines. Together with a group of leaders, managers and walkers from all over Europe, a unique experience awaits you: a week-long pilgrimage on the Camino de Santiago in Galicia/Spain.

Quality time with yourself: Take a break and go on pilgrimage for a whole week without rushing and stress in the breathtaking atmosphere of the centuries-old pilgrimage route. Discover the nature, culture and gastronomy of Galicia. We take care of all the logistics.

Intensive reflection time: Senior Executive Coaches will guide you and the group through a structured process on this path:

- Organizing important work or life issues.
- Orienting yourself for the next phase of your life
- Making intelligent and thoughtful decisions
- Accepting your personality

On the way, 5 walks of 25 km each await you, each surrounded by the beautiful scenery of the Camino de Santiago. Intensive individual coaching, inspirational input, group reflections and lots of personal enrichment time.

Embarking on sustainable change: The didactic conception of this pilgrimage route is based on more than ten years of experience in coaching managers and groups in extraordinary places such as the Camino de Santiago and Benedictine monasteries throughout Europe. The coaches will support you in such a way that this week will have a lasting effect on your daily (working) life.
